PROFESSIONAL SUMMARY

Fourth-year Information Technology student with a focus on User Interface (UI) and User Experience (UX) Design, complemented by Web and Mobile Application Development skills. Experienced in wireframing, visual design, and brand identity, with a track record of translating client and project briefs into clean, usable interfaces and cohesive design systems.

SKILLS

UI/UX & Visual Design: User Interface (UI) Design, User Experience (UX) Design, Wireframing, Mockups, Visual Design, Brand & Identity Design, Color Theory, Typography
Design Tools: Figma, Adobe Illustrator, Adobe Photoshop, Canva
Web & Mobile Development: HTML, CSS, JavaScript, Kotlin, WordPress, WooCommerce, Android Studio, Flutter
Programming & Databases: C++, Python, Java, SQL, Firebase, SQLite, Supabase
Other: Research and Documentation, Data Entry and Encoding, Microsoft Office
Core Competencies: Time Management, Attention to Detail, Team Facilitation, Leadership, Adaptability

PROJECTS

GenThriftZ — UI/UX Wireframe, Lead Designer
- Led User Interface (UI) wireframe design and defined the visual color palette for a Gen Z-focused thrift fashion marketplace app

ReNewvate — UI/UX Wireframe & Admin Dashboard (Capstone Project)
- Designed the User Interface (UI) wireframe for a reusable construction materials marketplace app, and developed the companion admin dashboard for platform activity tracking

Game-Tight with Loctite — UI/UX Mockup Design
- Designed UI/UX mockups for a TikTok creator campaign pitch, Henkel Philippines Hackathon

YugiFilm — UI/UX Wireframe & Branding
- Designed a one-page scrolling e-commerce wireframe and brand identity for a photography and film store

Sproutify — Brand Identity & Website
- Designed the brand identity and visual direction, then built the e-commerce website on WordPress and WooCommerce

WMA Subcon / M Squared — Logo & Brand Design
- Designed commissioned logos and visual identities for two construction-industry clients, from brief to final delivery

EXPERIENCE

Design & Data Services
Freelance / Contract | 2025–2026
- Designed logos and UI/UX wireframes for commissioned clients (WMA Subcon & M Squared Renovation), from initial brief through final delivery
- Performed data entry and encoding of company records accurately across multiple concurrent projects

Leadership & Extracurricular Involvement
Student | 2024–2026
- Served on the Documentation Committee, FEU Alabang Ignite Research and Exhibit 2026
- Designed UI/UX mockups for Game-Tight with Loctite, a TikTok creator campaign pitch, at the Henkel Philippines Hackathon 2026
- Contributed to research, documentation, and development for ReNewvate, a capstone marketplace application for reusable construction materials
- Presented original quasi-experimental research at the UPHSD Student Research Competition 2024
- Encoded database records for the Foreign Students Department during the UPHSD immersion program, 2024

EDUCATION

Far Eastern University – Alabang (FEUA) | 2023 – Present
Bachelor of Science in Information Technology, Specialization in Web and Mobile Applications
University of Perpetual Help System DALTA – Las Piñas (UPHSD) | 2021 – 2023
Senior High School, STEM Strand, with Honors

CERTIFICATIONS & ACHIEVEMENTS

- Cisco Certified CyberOps Associate, Cisco Networking Academy, FEU Alabang (Jul 2026)
- Information Technology Specialist: Networking, Certiport (Pearson VUE), FEU Alabang (Mar 2025)
- 3rd Place (Team Hackathinkers), Henkel Philippines Hackathon: Loctite Reimagined, Henkel Philippines (Sep 2026)
- Certificate of Recognition, Top Performing Student, S.Y. 2023–2024, FEU Institute of Technology (Aug 2024)
- Dean's Bronze Certificate, 1st & 2nd Term, S.Y. 2025–2026, FEU Alabang (Feb & Jul 2026)
- Dean's Bronze Certificate, 1st Term, S.Y. 2024–2025, FEU Alabang (Feb 2025)
- Bronze Medal, 6th Commencement Exercise, S.Y. 2022–2023, UPHSD (Jul 2023)
- 1st Perpetualite Student Research Competition Candidate, UPHSD (Mar 2023)
